

Lodge of Fellowship No.9123

Who are we?

The Lodge of Fellowship No. 9123 was consecrated on the 12th June 1984 by a group of 29 enthusiastic past or present Round Tablers, since then others have joined some with and some without Round Table experience but all with the same ideals to make themselves a better person and to help others less fortunate than you.

What we do?

The Lodge of Fellowship supports members within and outside the Lodge; we support local charities which include charities for the disabled. We encourage participation of members within their own community to act responsibly and charitably to make them better people. We draw our membership from all parts of the area including Mickleover, Littleover, Ripley, Heanor, Belper as well as Duffield. Anyone with the wish to make themselves a better person is welcome to join our friendly Lodge.

Why join us?

If you would like to do a good turn for society and have a nice time with likeminded Gentlemen.
